

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL MEMORANDUM

SB 614 – HB 1357

April 28, 2010

SUMMARY OF AMENDMENT (017138): Deletes the original language of the bill. Prohibits municipalities from taking special censuses between the regular federal censuses for the purpose of increasing the amount of state-shared revenue distributed to a municipality.

FISCAL IMPACT OF ORIGINAL BILL:

Increase State Expenditures – Not Significant

Increase Local Expenditures – Not Significant/Permissive

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

Other Fiscal Impact – Prohibiting municipal governments from conducting special censuses between the regular decennial federal censuses will prevent any shift in state-shared revenue between municipalities resulting from changes in local populations.

Assumption applied to amendment:

- Under current law, any increased allocation of state-shared revenue to municipal governments occurring as a result of a special census will result in a proportionate reduction in revenue to municipal governments that do not conduct a special census.
- Distribution of state-shared revenue to municipal governments will be determined every ten years as a result of the decennial federal census.
